Brush
Up!

- Mesa Checkmates run year around classes, called multicyle classes. There are three new classes a year, starting on January 7, April 28, and September 1.
- New students start with the Green Class and learn most of the Mainstream movements. You then continue with the Blue Class, where you complete all of Mainstream and learn all the Plus calls. You will graduate ready to dance with the club.
- The Blue Class is a great opportunity to shake off the rust. The Green Class is a great opportunity to get any new friends involved since you last danced. And, members of the Blue Class can dance with their friends in the Green Class at no extra charge.
